ARTICLE I. DEFINITIONS AND ENFORCEMENT

Secs. 27-1--27-44. Reserved.

Sec. 27-45. Definitions.

For the purposes of this chapter, the following terms, phrases, words, and derivations shall have the meaning given herein. When not inconsistent with the context, words used in the present tense include the future, words in the plural number include the singular number, and words in the singular number include the plural number. The word "shall" is always mandatory and not merely directory.

Beach means that area of sand along the Gulf of Mexico that extends landward from the mean low-water line to the place where there is a marked change in material or physiographic form, or to the line of permanent vegetation, usually the effective limit of storm waves.

Business shall mean any personal watercraft rental or parasailing activity business, including any commercial activity engaged in the rental, leasing, or bailment for consideration of personal watercraft or parasailing.

Eco-tour shall mean an educational tour led by a guide knowledgeable in environmental and ecological preservation, where the guide can communicate with the tour members and offer commentary about the ecological, environmental, and archaeological significance of Estero Bay.

Edge of wet sand means the point where the visible darkening or staining of the beach sand from wave action is no longer detectable.

FWCC means the Florida Fish & Wildlife Conservation Commission or its successor.

Littoral waters mean that part of the ocean or sea which abuts the shoreline and includes the shore to the ordinary high watermark. For purposes of this chapter, the littoral right to use such waters shall be limited to the waters within the boundaries of the land-based site as those boundaries extend into the water at right angles from the shoreline.

Operate means to navigate or otherwise use any vessel in, on, or under the water.

PAL shall mean Parasailing Activity License.

Parasailing or **parasailing activity** shall mean the act of towing a person or object over the water, suspended beneath a parachute, kite, or other similar contrivance.

Person means any individual, partnership, firm, corporation, association, or other entity.

Personal watercraft means a vessel less than 16 feet in length which uses an inboard motor powering a water jet pump as its primary source of motive power and which is designed to be operated by a person sitting, standing, or kneeling on the vessel, rather than in the conventional manner of sitting or standing inside the vessel.

PWVL shall mean Personal Watercraft Vendor's License.

Town manager shall include the designee(s) of the town manager of the Town of Fort Myers Beach.

Site means the plot or parcel of land or combination of contiguous lots or parcels of land.

Slow speed means no speed greater than that which is reasonable and prudent to avoid either intentionally or negligently disturbing, colliding with, or injuring manatees and which comports with the duty of all persons to use due care under the circumstances. A vessel in a slow speed zone that:

- (1) is operating on a plane is not proceeding at slow speed;
- (2) that is in the process of coming off plane and settling into the water, which action creates more than no or minimum wake, is not

proceeding at slow speed;

- (3) that produces no wake or minimum wake is proceeding at slow speed;
- (4) that is completely off plane and which has settled into the water and is proceeding without wake or with minimum wake is proceeding at slow speed.

“Slow speed” means any through-the-water speed slow enough that the boat is neither planing nor moving with an elevated bow. A vessel that is operating at slow speed shall not be emitting a wake.

Steerage way means the minimum rate of motion required for the helm of the vessel to have effect.

Vessel means a motor propelled or artificially propelled vehicle and every other description of boat, watercraft, barge, and air boat other than a seaplane on the water, used or capable of being used as a means of transportation on water including personal watercraft. This term shall not include rafts, floats, or floatation devices, whether of canvas, vinyl, rubber, Styrofoam, or other substance, intended or capable of assisting in the floatation of a person on or in the water.

Wet sand means the area on the beach where the sand is saturated by sea water from wave action. This area is identified by a visible darkening or staining of the beach sand from the water driven onshore by wave action.

Cross reference(s)–Definitions and rules of construction generally, § 1-2.

Sec. 27-46. Area of enforcement.

The area of enforcement of the provisions of this chapter shall be all public navigable waters, creeks, bayous, canals and channels, whether natural or man-made, located within the Town of Fort Myers Beach, including all public waters within the jurisdiction of the town in which the tide ebbs and flows. This chapter does not apply to the county-maintained or county-marked channels.

Sec. 27-47. Means of enforcement.

The provisions of this chapter shall be enforced by members of all duly authorized law enforcement agencies within the town and through enforcement mechanisms established by this code.

ARTICLE II. PERSONAL WATERCRAFT

Sec. 27-48. Regulations for operation of personal watercraft.

In addition to other regulations in this code, all personal watercraft shall also be operated in the following manner:

- (1) A person may not operate a personal watercraft unless each person riding on or being towed behind such vessel is wearing a type I, type II, type III, or type V personal flotation device, other than an inflatable device, approved by the United States Coast Guard.
- (2) A person operating a personal watercraft equipped by the manufacturer with a lanyard-type engine cutoff switch must attach such lanyard to his person, clothing, or personal flotation device as is appropriate for the specific vessel.
- (3) A person shall not operate a personal watercraft at any time between one-half hour before sunset and one-half hour after sunrise. However, agents or employees of law enforcement agencies or fire/emergency rescue services are exempt from this subsection while performing their official duties.
- (4) A personal watercraft must at all times be operated in a reasonable and prudent manner. Maneuvers which unreasonably or unnecessarily endanger life, limb, or property, including, but not limited to, weaving through congested vessel traffic, jumping the wake of another vessel unreasonably or unnecessarily close to such other vessel or when visibility around such other vessel is obstructed, and swerving at the last possible moment to avoid collision shall constitute reckless operation of a vessel. Failure to operate a personal watercraft in such a careful and prudent manner shall constitute careless boating in violation of this chapter.

Sec. 27-49. Regulations and locations for personal watercraft rentals.

Any business engaged in the rental, leasing, bailment for consideration, or otherwise providing transportation for remuneration, of personal watercraft for use by the public on any waters of the Town of Fort Myers Beach, must meet the following requirements:

- (1) A business is required to obtain a Lee County occupational license which shall be issued to the personal watercraft operations office.
 - a. The operations office shall be located at a land-based site; and,
 - b. The land-based site shall have direct access to the beach. Direct access shall not include public rights-of-way, county-owned or town-owned beach accesses, or any residentially zoned land that must be traversed to gain beach access. That direct access will be used for all necessary business-related beach access that is customary in the course and operation of the personal watercraft business at the particular licensed land-based site; and,
 - c. All business transactions such as the exchange of consideration or remuneration for the rental, leasing, bailment, or any other type of transaction between the commercial rental operator and customer shall occur on the land-based site for which the occupational license is issued; and,
 - d. The personal watercraft shall only be rented or operated on the littoral waters offshore of the land-based site for which the occupational license is issued until the personal watercraft travels beyond the 500 feet offshore slow speed limit.
- (2) A business must have and maintain a telephone and an operable marine radio at its land-based operations office.
- (3) A business may not knowingly lease, hire, or rent a personal watercraft to any person who is under 18 years of age (see also F.S. § 327.54)). No person under the age of 14 may operate any personal watercraft.
- (4) During the sea turtle nesting season (May 1 through October 31), personal watercraft may not be moved across the beach unless:
 - a. any state permits that may be required

- for this activity have been issued;
 - b. such movement begins only after 9:00 AM, or after completion of daily monitoring for turtle nesting activity by a FWCC-authorized marine turtle permit holder, whichever occurs first; and
 - c. the movement does not disturb any sea turtle or sea turtle nest (see also § 14-74(c)).
- (5) Businesses may not allow their personal watercraft to be used above slow speed within 500 feet of swimmers, waders, or people floating in/on the water.
 - (6) Personal watercraft rental businesses shall have a motorized chase vessel with an operational marine radio in good running condition that meets all United States Coast Guard safety requirements kept at the personal watercraft launching site during all hours of the business operation. The chase vessel may be a personal watercraft reserved for this purpose.
 - (7) Each personal watercraft must be registered in the name of the business and have a Florida vessel registration number affixed thereon.
 - (8) Identification markings shall be placed on each personal flotation device worn by operators of the personal watercraft which distinguishes the business from other businesses engaged in the rental of personal watercraft. Said marking shall also be located where the personal watercraft are launched. The identification marking, which will be assigned to the business by the town upon issuance of the PWVL, shall be not less than 9" by 5" in size and of a contrasting color to the personal flotation device.
 - (9) Personal watercraft may be moored in the water during the operating hours of the business, or on the beach during operating hours in accordance with the following: Personal watercraft must be set back 12 feet landward from the edge of wet sand. Between the hours of 9:00 PM and 7:00 AM from May 1 until October 31, all personal watercraft and associated equipment, including but not limited to mooring lines, must be removed from the beach and placed behind the dune line.
 - a. If there is no dune line and the beach is wide, personal watercraft and associated equipment must be moved to a point that

- is at least 200 feet from the water line at all times.
 - b. If there is no dune line and the beach is less than 200 feet wide, personal watercraft and associated equipment must be moved to the adjacent permanent structure and landward of any seawall.
- Where compliance with the foregoing provision would cause an undue hardship, the town manager may designate a different storage location after determining the minimum changes from the requirements of this subsection.
- (10) In order to adequately monitor the operation of the personal watercraft, one employee per five personal watercraft actually rented must be located so as to observe the operation of the vessel by the party renting the personal watercraft.
 - (11) Fuel tanks may not be stored on the beach but may be stored at the business location provided all applicable federal, state, and local fire, safety, and environmental regulations are met.
 - (12) Fueling of personal watercraft on the beach or in the water shall require a spillproof nozzle or other acceptable device designed for prevention of fuel overflow. Any spillage of fuel onto the beach or into the water is a violation of this code.
 - (13) Except in locations which have permanent 500-foot markers, the personal watercraft vendor shall place temporary markers in the water not less than 500 feet seaward from the beach to which the personal watercraft are to be launched during each day of personal watercraft operations. All such markers shall be removed each day by the personal watercraft vendor no later than a half hour after sunset. The personal watercraft vendor must instruct each personal watercraft operator:
 - a. To travel at slow speed until past said markers;
 - b. To maintain a distance of not less than 500 feet from the shoreline while operating the personal watercraft;
 - c. To travel at slow speed when returning to the shore; and
 - d. To not travel within environmentally sensitive areas (within the 1000-foot territorial limits of the town) except with an eco-tour operator or guide associated

- with a business with a valid PWVL permit.
- (14) Each operator shall provide a buoy lane consisting of 6 buoys, with a minimum width of 15 feet and a maximum of 75 feet.
- (15) Each PWVL (jet ski) operator is limited to 8 rentals per location plus one chase vehicle. When 6 or more rentals are in use, the chase vehicle must be manned and in the water. An operator may request a variance to allow additional rentals per location by using the standards and procedures in ch. 34.
- (16) *Safe handling instructions.*
 - a. Each patron shall receive standardized rules provided by the operator translated in four languages. All owners, operators, PWVL license holders, and employees will obey the same standardized rules. Such rules are included in § 27-58.
 - b. If the FWCC adopts safe handling instructions in accordance with F.S. § 327.39(6)(b), operators must comply with those regulations, which shall be deemed as equivalent to complying with the previous subsection, provided the state instructions are translated into the same four languages.
- (17) Operators must also comply with all other applicable boating and personal watercraft provisions of state law such as those found in F.S. § 327.39.
- (18) No person shall offer for rent, lease, or bailment for consideration, a personal watercraft within the Town of Fort Myers Beach except from a personal watercraft rental business which fully complies with the regulations set forth in this code and this chapter.
